## PROFILE

Results-driven Tech Lead & Senior Full Stack Developer with over 4 years of experience architecting and scaling modern web platforms using React.js, Next.js, Node.js, and AWS. Skilled in building resilient systems, optimizing performance, and leading Agile teams to deliver impactful solutions. Passionate about clean architecture, real-time applications, and cloud-native scalability.

## KEY ACHIEVEMENTS

- Designed and launched an e-commerce platform for architects and builders, boosting user engagement by 35% and enhancing purchasing efficiency.

## SKILLS

**Front-end:** React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, Material UI, CSS, HTML

**Back-end:** Node.js, Express.js, RESTful APIs, JWT, Socket.io, Zod

**Database/ORM:** MongoDB, Mongoose, PostgreSQL, Sequelize, Prisma

**Cloud/DevOps:** AWS (S3, EC2, RDS, CloudFront, ECS), Docker, Vercel, GitHub Actions, CDN, Microservices

**Tools/Methodologies:** Agile, Scrum, JIRA, GitHub, OAuth, Web Development, E-Commerce, Real-Time Systems

## WORK EXPERIENCE

### GWARM Technologies PVT LTD, Jaipur

Apr 2024 – Present

Tech Lead & Senior Software Engineer

- Architected and developed scalable logistics and web applications ensuring performance and maintainability.
- Built rich, responsive UIs with React.js, Next.js, Tailwind CSS, and TypeScript.
- Implemented real-time communication via Socket.io and secure APIs with Node.js.
- Designed asynchronous data pipelines using RabbitMQ, improving scalability under heavy load.
- Managed AWS cloud infrastructure (S3, EC2, RDS, CloudFront, ECS) to enhance reliability and cost efficiency.
- Improved sprint velocity by 15–20% through Agile collaboration and CI/CD optimization.

### DEPO24, Delhi

Sep 2022 – Feb 2025

Full Stack Developer

- Developed scalable e-commerce applications using React.js, Node.js, and PostgreSQL.
- Built RESTful APIs and integrated real-time order tracking via Socket.io.
- Optimized application load time and backend response by 30% through API caching and query optimization.
- Managed deployments using AWS services and automated CI/CD with GitHub Actions.
- Actively contributed to Agile sprints and product discussions for faster feature rollouts.

### Coding Ninjas, Delhi

Feb 2022 – Sep 2022

Teaching Assistant

- Mentored over 400 students in JavaScript, React.js, and Node.js.
- Debugged and optimized 100+ student projects, improving code efficiency and modularity.
- Contributed to curriculum development for React.js and Node.js courses, integrating real-world e-commerce and web development projects.

## PROJECT

### School Management Dashboard

Dec 2024 – Present

- Built an interactive dashboard to streamline operations for teachers, students, and parents using React.js and Node.js.
- Integrated Google OAuth for secure login and Socket.io for live updates and notifications.
- Delivered real-time progress analytics and attendance tracking, improving user adoption by 25%.

## EDUCATION

---

**Yamuna Institute of Engineering and Technology**, Yamunanagar

*Jul 2017 – May 2021*

B.Tech in Computer Science and Engineering

Graduated with First Class Honours

## LANGUAGES & INTERESTS

---

**Languages:** English (Fluent), Hindi (Very good command)

**Interests:** Web Application Architecture, Real-Time Systems, Cloud-Native Development
